

Create a Chrome profile for your ISB account

Chrome profiles keep school browsing, bookmarks, history, and sign-in sessions separate from personal browsing.

Steps

1. Open Chrome.
2. Select the profile picture in the top-right corner.
3. Select **Add**.
4. Choose **Sign in** if prompted.
5. Sign in with your ISB Google account.
6. Name the profile **ISB** and choose a recognizable color.

Good practice

- Use the ISB profile for school work.
- Check the active profile before uploading or sharing files.
- Do not enable sync for a personal account on a shared school computer.

Audience: Everyone

Last reviewed: [23 July 2026]
