# eID

- eID - Install the Belgium eID app to access government related pages
- eID - Accessing the AG website using the Belgium ID - initial setup
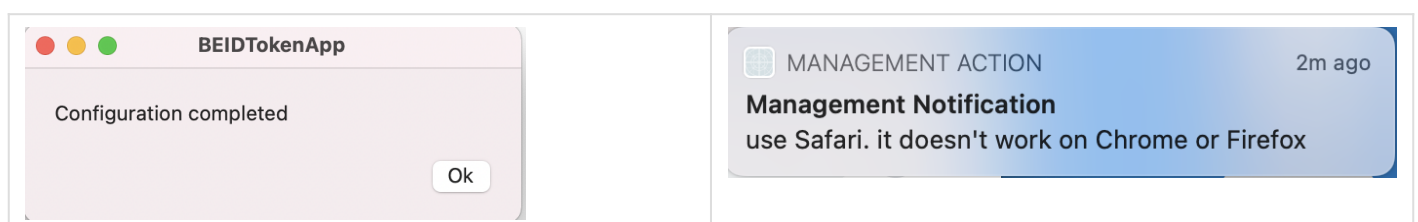

eID - Install the Belgium eID app to access government related pages

(For **AG** please follow this link.)

Open the Self-Service Software Portal and install the Belgium eID app.

Once installed you will have 2 pop-ups:

For government related pages (ex. My Minfin, Ma Sante, etc.) please use Safary and find the log-in page for your needs.

Choose your digital key to log in

Digital key(s) with **eID** or **digital identity**

LOG IN
with eID card reader

Log in with eID card reader

1 Connect your eID card reader to your computer

2 Insert your electronic identity card (eID), foreigner's card or kids-ID into the card reader

3 Click '**Log in**', select your certificate and enter the PIN of your identity card when asked to do so

Choose a different digital key   Log in

When prompted, insert your card in the card reader, log-in, select the certificate with your name in the next pop-up, click continue, and insert you ID Card pin code.
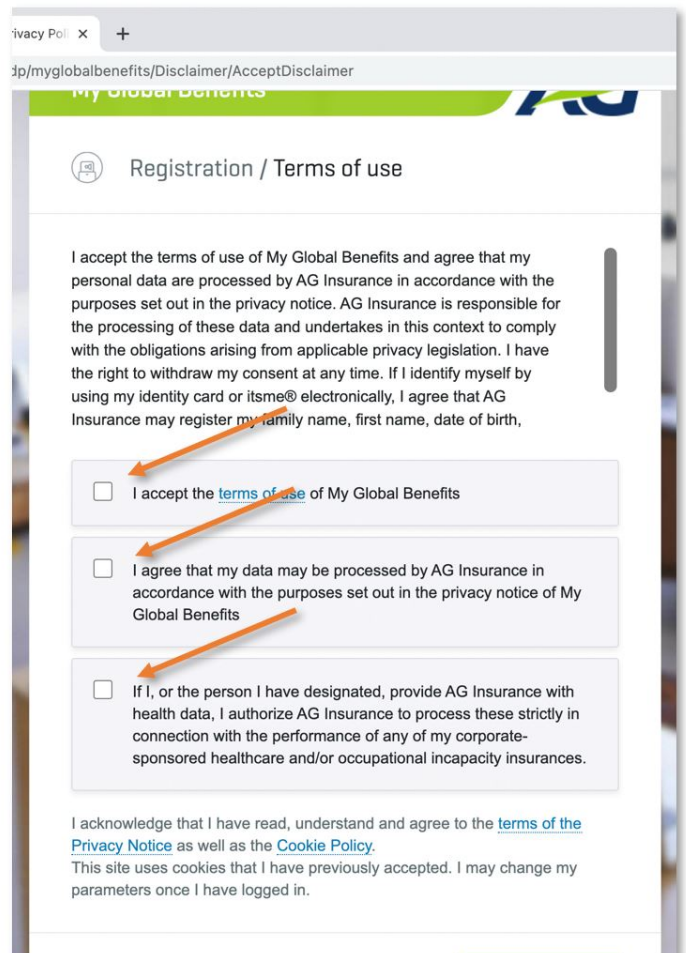

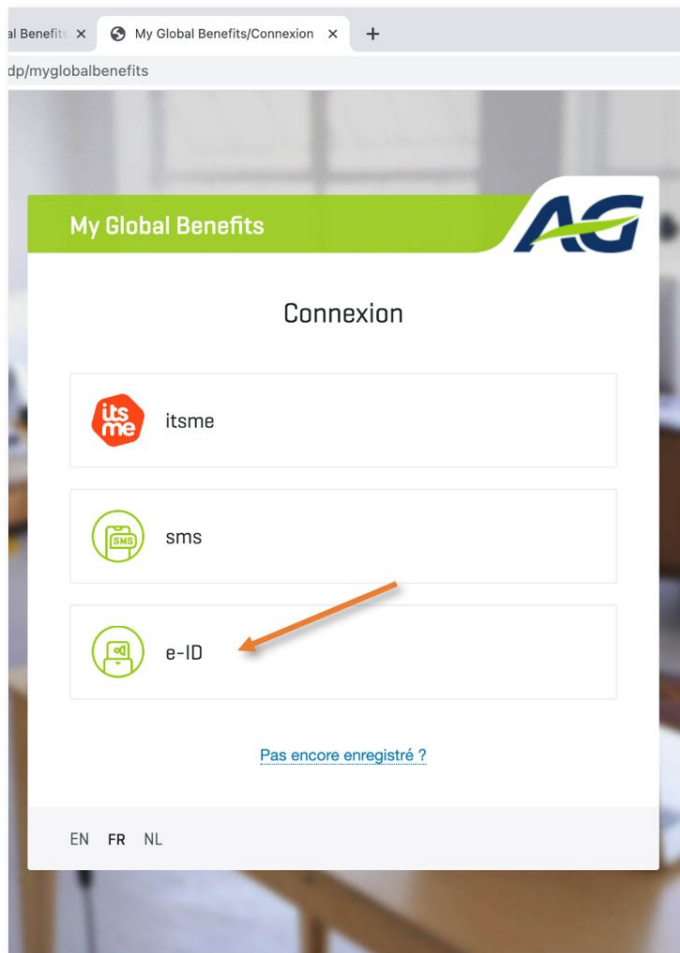

eID - Accessing the AG website using the Belgium ID - initial setup

AG only works on Chrome for now, and it requires installing an extension and an app. We are working on a more streamlined solution.

Please go to the AG login page and log in.
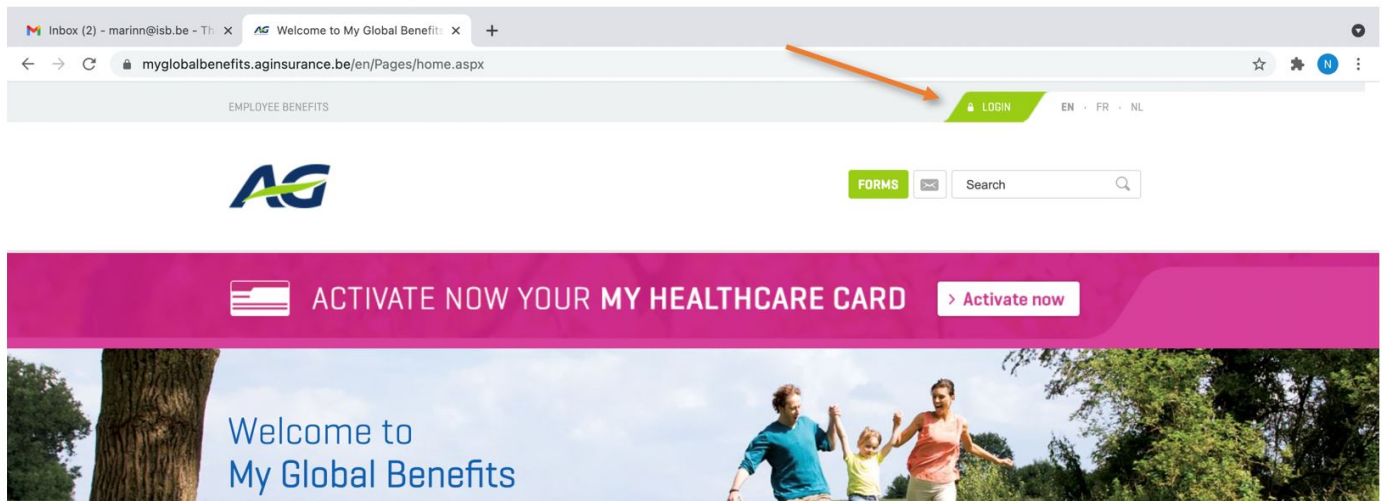

Select e-ID and agree with the terms of use.

Install the Chrome extension as requested.

Install plugin to read identity card ? ×

In order to read the identity card, you have to install a browser plugin.

I give permission to install the plugin Sconnect om my computer and recognize that applications that support the plugin can use devices connected to the computer. I accept responsibility for this use as described in the general conditions of the SConnect End User License Agreement.

The website will also automatically download the app needed to interact with your card reader. Please do not install it from the Chrome download bar. Please open the Downloads folder and install it from there.

Go through the installation steps.

And back to the AG page in Chrome. Insert your eID pin to log in.
