# Setting Up Zoom for Students

To make sure your camera, microphone and screen sharing works on your computer, please follow the next steps.
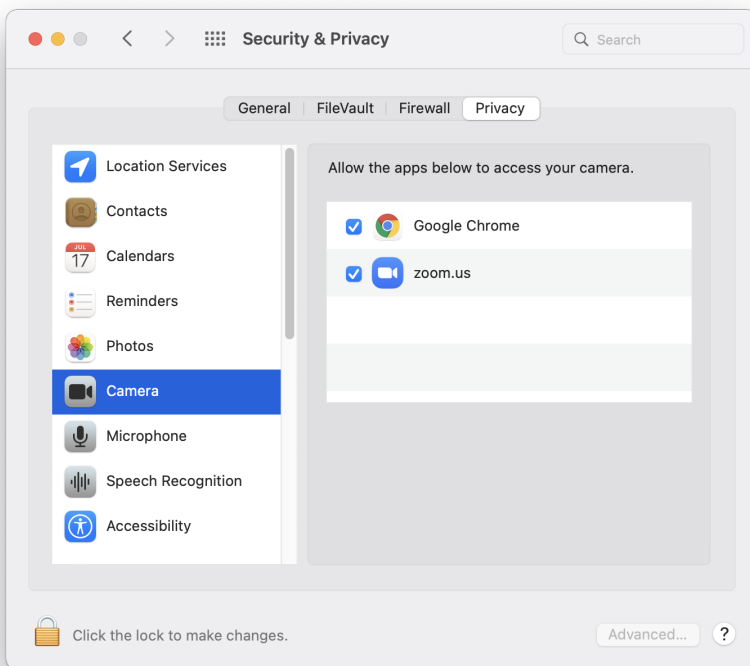

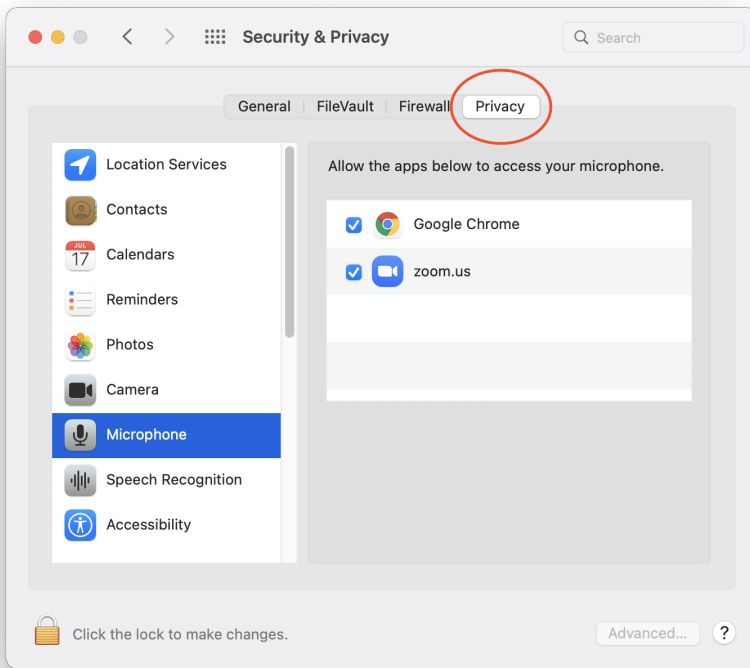

**1.** On your computer, open **System Preferences**. You can do so by clicking on the Apple logo in the top-left corner of your screen, and select System Preferences from the manu.

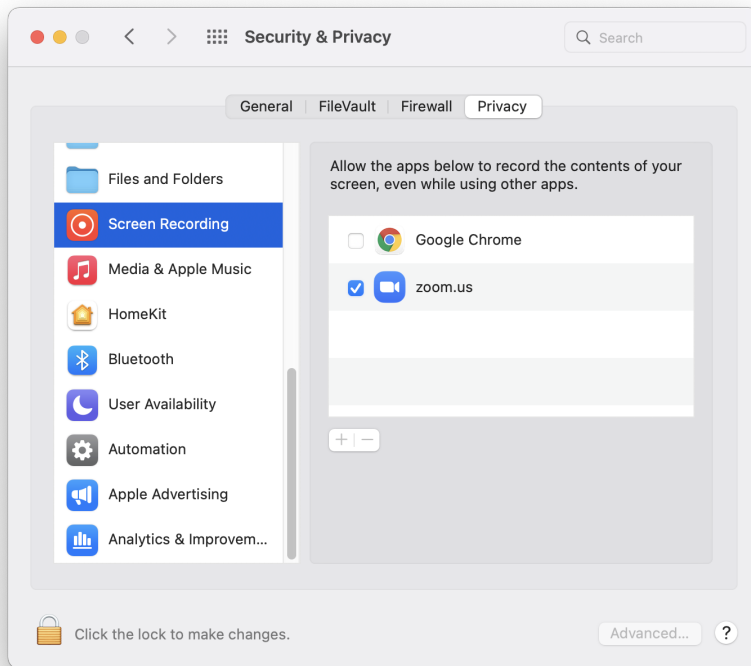

**2.** Once opened, head out to **Security & Privacy**.

3. Make sure to select **Privacy tab**, and in the column on the left, we will have to go through Microphone, Camera and Screen Recording, making sure the **Zoom app has the blue checkmark** next to it.

Security & Privacy
